Case studies not available - had an issue with their website which is currently being rebuilt.
Could have offered a cheaper roundabout but felt this one is better quality and manufactured in the UK.

Hags £11,200* Egham Surrey / 10 weeks
Patch repair to edging not included in quote
<https://hags.co.uk/en-gb/case-studies>

Reduction in above costs to remove and dispose of existing roundabout locally:

Rhino: £600

Sutcliffes £200 (will remove themselves)

Vitaplay £100 (will remove themselves)

*Hags Price includes reduction

Feedback on play park equipment suppliers

Rhino

- **RA** Rhino's communication was poor and that was disappointing as we were literally the next village over from where they were based,

Hags

- **SR** - I use Hags relatively often and really rate them. I like kompan too
- **LG** We had Hags install our accessible roundabout- it's been in a year- no problems so far.
- **LB** Just had a complete playground upgrade with 4 new pieces of equipment installed and new surface throughout.... all with Hags. Excellent service from start to finish. Recommend!
- **SS** We have a HAGS roundabout. It's really nice but we are finding it difficult to get spares for repairs for our other equipment supplied by them.
- **JM** We have had nothing but problems with them when repairs or parts have been needed. I wouldn't even think about seeking quotations from them, let alone engaging them, on future projects.

Sutcliffe

- **LB** We've used Sutcliffe Play for a couple of our play areas in Billingshurst, and found them excellent both during the process and aftercare too 😊
- **JG** We used Sutcliffe Play for a new installation and refurb project in October 2022. They were great throughout the whole process from first plans to installation. Really stress free experience.

Vitaplay

- **JG** Vitaplay are fab - reliable and always work to a high standard
- **LW** Vitaplay were used by two Councils I have been locum clerk to and both highly recommend them.
- **LSG** We have also used Vita Play for a variety of projects. Good after sales service as well
- **LG** I can recommend Vitaplay 👍
- **HD** Very happy with Vitaplay
- **LH** We use Vitaplay and are really happy with their products and service
- **JG** They did a MUGA for us about 4 years ago and do lots of playground maintenance too. Good communication. Quotations never change. Really happy to recommend them to you.
